ST. XAVIER—P. H. S. FOOTBALL GAME TO-DAY

More interest is being shown in Paris and Bourbon county in the St. Xavier game than has ever been shown in any football game ever played in this city. It seems now that the largest crowd will attend this game that we have ever had.

Many changes have been made in the Paris Hi line in the last two weeks, which improved the fighting spirit of the team a hundred percent. Every day during the past week darkness has driven the forty or more players from the field and Coach Ward expects to put into the field Saturday the most formidable football machine that has ever represented the Paris High School.

Ward has his whole attention on the St. Xavier game and will not discuss any other game until this is over. Paris High schedule is very hard from now until Thanksgiving, and football followers in this section are expecting to see some of the best football ever played here.

Every arrangement possible is being made to take care of the crowd Saturday.

The probable line-up of the two teams will be as follows:

ST. XAVIER—Chawck—L. E. Schook—L. T.; Wagner—L. G.; Luber—C.; Stenerie—R. T.; Hess (Capt.)—R. E.; Richardson—R. H.; Vaughn—L. H.; Allgeier—R. G.; Rhodes—F. B.; Weber—Q. B.

PARIS HI—R. E.—Dallzell or McCarthy; R. T.—McCann or Christman; R. G.—Strother, Prewitt or Taylor; C.—Rose or Taylor; L. G.—Alexander or Baldwin; L. T.—Coughlin or Christman; L. E.—Scott, Burnett or Williams; Q. B.—Deakens or Connell; F. B.—Nash; R. H.—Deakens or Dundon; L. H. Tucker or Burnett.

Nash, of Georgetown, and Armsparger, of Centre College, will have charge of the game.

The time has been moved from 3:00 to 2:15, to allow the Louisville players to return Saturday night.

The Junior class will donate a motor truck in green and gold for St. Xavier players. The Senior class is preparing a similar truck with the black and orange for the High School. A parade of the principal streets of Paris will be held immediately before the game.

THIRD NUMBER IN P. H. S. LYCEUM COURSE

The Kaufman Male Quartette will give the third performance in the Lyceum course Monday evening, October 30. This program promises to be quite as splendid as that rendered by the Electa Hunt Company last Tuesday evening.

The Kaufman Male Quartette is considered one of the best musical organizations in America. All the members have had extensive training and wide experience in concert work. All are gifted soloists.

The repertoire of the Kaufman artists covers a wide range of musical literature. It includes both the heavier selections of the operas and the lighter popular songs that appeal to everyone.

Those who heard the Electa Hunt Company should not miss the opportunity of hearing another excellent musical program. Everybody come.

RUMMAGE SALES AND OTHER SALES

The Junior Missionary Society of the Paris Methodist church will hold a pillow case sale in the offices of the Paris Realty Co., on Main street, on the first Saturday in December. At the same time and place the Friendship Bible Class of the same church, will hold a sale of edibles.

The Bourbon County Woman's Club will hold a rummage sale in the room in the Robeneel building, lately occupied by the E. M. Wheeler Furniture Co., on Friday and Saturday, October 27 and 28. Gifts of clothing, hats, shoes, dishes, furniture, pictures, ornaments, anything that may be disposed of for cash will be gratefully received.

EPIDEMIC SUBSIDING

Reports from various sections of Central Kentucky indicate that the diphtheria epidemic is subsiding. Only a few cases have been reported in the last ten days. Dust resulting from the longest drought in many years, is partly blamed for the epidemic of bad colds everywhere.

TOBACCO GROWERS' CO-OPERATIVE EXCHANGE FORMED

The American Tobacco Growers' Co-operative Exchange was brought into being at a meeting of representatives of tobacco growers' co-operative association of the United States and Canada, in Louisville.

Formation of the federation came at the final session of a two-day conference. Jas. C. Stone, of Lexington, president of the Burley Tobacco Growers' Co-operative Marketing Association, was elected first president of the exchange. W. O. Wilson, of Raleigh, N. C., field service director for the Tri-state Tobacco Growers' Co-operative Marketing Association, was elected secretary. Exchange headquarters were placed at the burley headquarters in Lexington.

Concentration of the strength of the tobacco co-operatives for the protection and profit of each member association was brought about directly by adoption of a resolution offered by J. Y. Joyner, of Lagrange, N. C. The resolution stated:

"Resolved, that the present organization and temporary officers be made permanent and that an executive committee composed of the president of each co-operative association represented, with James C. Stone as chairman and Aaron Sapiro as general counsel, be approved with full power to act in all matters for the exchange until its next meeting."

In addition to the burley association and the tri-state association, there were represented at the meeting the Canadian Tobacco Growers' Co-operative Association, the Connecticut Valley Tobacco Growers' Association and the Northern Wisconsin Tobacco Growers' Co-operative Pool.

COURT NEWS

A suit has been filed in the Bourbon Circuit Court, by Raymond Connell, attorney, requesting the Court to direct Master Commissioner O. T. Hinton to take charge of the estate of the late Thomas P. (Kirby) Woods, sell the property, and after paying the indebtedness of the deceased, to divide the remainder among his heirs. There are forty-seven persons represented in the petition, forty-two of whom are legal heirs. The petition is directed against George L. Doyle, as administrator of Thomas P. Woods, and others.

In the County Court E. A. Taber was given a hearing before Judge George Batterton on the charge of hunting without a license, preferred by Game Warden A. W. Bullock, and was assessed a fine of \$24.

Jack Williams, who was arrested by Patrolman George W. Judy on a charge of drunkenness and disorderly conduct, was arraigned before County Judge George Batterton, Wednesday, and was fined \$15 and costs.

Thomas Patrick, of North Middletown, who was arrested in Mt. Sterling some time ago, charged with having whisky in his automobile truck, was tried in the Montgomery Circuit Court at Mt. Sterling, Wednesday. The jury after deliberating for some time, failed to agree, and the case will be heard again at the January term. Patrick was represented in court by Judge Denis Dundon, of Paris.

CHAS. COHEN GIVEN ONE YEAR IN JAIL

At Lexington, Wednesday night, the jury in the case of Charles Cohen, Lexington shoe merchant, charged with maliciously shooting and wounding Prof. Jos. W. Porter, formerly of Hamilton College, returned a verdict of guilty, as charged in the indictment, and was given a sentence of one year in the Fayette county jail.

This was the third trial of Cohen for the shooting. In each of the other trials the jury failed to agree. It took the jury which convicted Cohen nearly four hours to reach a verdict, the decision being rendered shortly before eight o'clock.

Prof. Porter has hundreds of friends in this city, many of whom were pupils in his charge at Hamilton College in past years. When the news of the shooting reached Paris, it caused grief to those who knew and esteemed him as a man, and an educator.

THE NEXT ELECTION

Although there is but one contest in the coming election Democrats must go to the polls on November 7, and keep the majority in Bourbon county up to the standard. Only through failure of Democrats to go to the polls can their candidates be defeated. Over confidence is a serious and dangerous thing.

THE BIG HALLOWE'EN CELEBRATION TUESDAY

The big Halloween Community entertainment to be held next Tuesday night in front of the court house bids fair to be a record event in Paris in point of attendance and variety of entertainment.

A \$5 prize for the most original costume, \$5 prize for the most comical costume and \$5 prize for best historical costumes, will bring out an attractive display of costumes. Everybody from everywhere is invited to participate in this costume contest. Mrs. W. G. Talbott, Mrs. James McClure, Mr. Harry Kerslake, and Mr. John T. Davis have consented to act as judges in the costume event. The judges will review the costumes in a grand march, beginning promptly at 7:30 p. m.

For the best window displays of a Halloween nature a first prize of \$15, a second prize of \$10 and a third prize of \$5 has been offered. The judges in the window contest will not be announced until after the results of the decision have been announced Tuesday night. Every merchant in Paris, whether a Main street merchant or not, providing their window is dressed in a Halloween setting and ready for display not later than Monday evening will be considered an entrant in the window contest. Invitations have been extended through the schools to every section of Bourbon county, and weather permitting, a large crowd is expected to attend.

Community games, under the direction of Mrs. J. C. Nickerson and assistants, will be enjoyed by the young folks on the court house lawn. Zaza-Allah, the mysterious fortune teller, will read your future. Everything will be absolutely free.

There will be a band concert throughout the entire entertainment. All merchants are urged to dress their windows with Halloween settings and illuminate their windows until after the entertainment is over. Mr. F. W. Hagan, chairman of the Committee on Decorations and Arrangements, reports that everything will be in readiness by 7:30 p. m., Tuesday evening. All people of the county are requested to come in as guests of the city of Paris and spend a pleasant evening next Tuesday. Dress up the children in costumes and perhaps they will win a prize.

All people in Paris are requested to come down town Tuesday night and join in the festivities. Let's make it a Halloween celebration to be long remembered. Full program will be in this paper next Tuesday morning.

STATE D. A. R. CONFERENCE

The Kentucky State D. A. R. Conference closed at Lexington last night after a two-days' session, during which programs of great interest were presented. Forty delegates, one hundred alternates and ten visitors from the thirty-five Chapters in the State were present. Mrs. William Rhodes, of Lexington, the State Regent, presided.

Because of a defect in the title to the land on which the D. A. R. school at Hueysville is located activities at the school have been at a standstill for the last six months, according to a report read by Mrs. C. D. Chenault. Consequently the State board has decided to reconsider choice of a location and to await action of the 1922 conference. Several other offers of land have been made to the society by Perry, Boone and Elliott counties, the report stated.

The closing hours of the session were devoted to a varied program, intermingled with musical numbers, both vocal and instrumental, reports of various committees, and social intermingling of the delegates, officers and visitors.

SCHOOL BOARDS HELD AS SOLE JUDGES

Fiscal Courts have no alternative but to levy a capitation tax ordered by the County Board of Education, the Court of Appeals held. The Court held that the board is the sole judge of the needs of the school and Fiscal Courts have no alternative but to levy a tax within the statutory limits.

PARIS HIGH SCHOOL NOTES

Arrangements have been completed by which Mr. Collier C. Dawes, bookkeeper in the First National Bank, will become head coach of the Paris High School basketball team for this season. This is one of the most fortunate things for the Paris High School athletics that has happened in recent years. Mr. Dawes is one of the best athletes Georgetown College ever turned out, and was one of the most popular teachers Paris High School ever had and is to-day one of the most valuable business men in the city. Parents, teachers and students of the Paris High School are enthusiastic over the basketball prospects under the direction of Mr. Dawes.

Miss Nell Robins, efficient athletic director of the girls' team, will again direct the framing of the girls team, assisted by Misses Lillard, Woodruff and Blakey. Prospects were never brighter for winning teams, both boys and girls, than at the present time.

SOBBY WE CAN'T COME

Through E. G. Kingsbury, Secretary, the Winchester Chamber of Commerce has extended an invitation to the people of Paris to attend a monster Halloween celebration to be given in that city on Tuesday night, October 31. The invitation was extended in the form of a personal letter to Mayor E. B. January, asking the people of Paris to "come over and be neighborly."

Sorry we can't come, as our own Commercial Club and the Community Service are planning for a big celebration to be held on the streets of Paris on the same night. Local pride compels us to say that nothing Winchester can offer in the way of a celebration could induce us to desert our old home town on that night. In past years Paris had the reputation of having greater Halloween celebrations in Central Kentucky, and we are sure from advance information we have had, that the one being planned for this year will be in all respects fully equal to those of the past. Our regards, Winchester! Come over and see us!

AMERICAN LEGION QUARTERS IN COMMUNITY HOUSE

Apartments in the newly-finished Community Service House, at the corner of Broadway and High, which was purchased some time ago for that purpose, have been allotted to the Bourbon Post, American Legion, who are starting a unique campaign for the purpose of furnishing their quarters. The members are asking for contributions of furnishings, and furniture from anyone desiring to help them furnish their rooms.

Pieces suitable for furnishing the apartments will be used for that purpose, and the surplus will be sold at public auction, later and the proceeds added to the furnishing fund.

Those desiring to make donations for this purpose can do so by notifying Lucien Arnsperger, at the Mansfield-Jefferson Lumber Co., F. G. Hagan, in the First National Bank Building, or Fennell W. Galloway, in the Peoples Deposit Bank & Trust Co.

SPECIAL REGISTRATION DAYS

Voters who were absent from the city on October 3, 1922, between the hours of 6:00 a. m. and 9:30 p. m., or were sick on that day can register at the County Clerk's office in the court house on Monday, October 30, Tuesday, October 31, and Wednesday, November 1.

CHAPMAN MAKES TOBACCO SPEECH AT REVIVAL

In Cheatham county, Tenn., the leaders of a Baptist revival meeting invited Virgil Chapman, of Paris, speaker for the association, to preach the doctrine of co-operative marketing to the assembled farmers. Mr. Chapman demurred at first and then realizing that the question was uppermost in the minds of the people, consented. "Ye shall know the truth, and the truth shall make you free," he read as a text and continued with a clear explanation of the principles of the marketing plan. At the conclusion of Mr. Chapman's talk the ministers again took charge of the meeting.

Say, boys, this will be some shoot, for we will have seven trophies to give away to the first seven high guns. Conditions are as follows: 100 targets with added bird handicap. Plans for securing funds for carrying on the work of the League during the coming winter were discussed. It is earnestly requested that everyone able to become a \$10 member do so at once. Or, if you cannot do so at this time, please pay your regular dues of \$1.00 at the First National Bank before the first of November.

CONTRIBUTIONS FOR THE COMMUNITY HOUSE

Notify Lucien Arnsperger, H. G. Hagan or Fennell W. Galloway, if you have any contribution toward furnishing the American Legion apartments in the new Community House, at the corner of Broadway and High. They will see that it is called for.

The fellow who "puts up a front" should also have a little something to back it up with.

EDITORIAL FLINGS

There are all kinds of people in the world—including those who haven't time to say a kind word about anybody. And there's a world of them right here in Paris.

The great trouble with most fault finders we know is that they see only the fault, and when this gets to be a habit, they have become blinded to all the good in life.

"New Jersey Woman Used Telephone For First Time in Forty Years," reads a newspaper headline. That seems like a long time to wait for a call even in these rushing days.

The man who does not share in the success of others is bound to be a sad person. No failure can injure the man who feels that the good luck of his neighbors and friends is a joy to himself.

Our favorite pest to-day is the fellow who reminds you that it will soon be time to begin worrying about having enough coal in the cellar, or seeing that the gas stove is in good working order.

A certain Paris man recently had a birthday anniversary and a few of his friends dropped in to help him celebrate the event. There were eight men, thirty sandwiches, forty-two pickles, and three hours of euchre. Now, guess how old our friend was!

We hear a great deal about the wonderful instinct which enables a mother seal to recognize her own young one out of a pack of a thousand or so, but what about the man who unhesitatingly picks out his own particular flivver from the middle of a flock of Lizzies,

The baluchitherium (a fossil animal with a skull five feet long) was not much on mentality the scientists have discovered. An expert says: "His eating equipment was much better than his brain-box." Looks like a great many Paris men we know surely descended from some such animal as the one above mentioned.

How cunning are the little pigs That wiggle, run and dance, To keep the measly flies away Because they have no pants; They are so innocent and mild, So kittenish at play, I love to watch them as they grunt The careless hours away; I love them for their curly tails, Their curious, wobbly legs; But most I love them just because They'll soon be ham and eggs.

On one of his recent traveling trips through Central Kentucky Bob Goggin, the "well-known traveling man," of Paris, met a youngster who was busily engaged in scratching his head, as if seeking an idea. Mr. Goggin naturally asked the boy what he was digging for. The boy hesitated a moment, and then resumed his research work with his fingers. After a few moments' silence he replied to Mr.

Goggin's query: "Well, mister, I guess it's because nobody else knows just where my head itches."

Bowing to the inevitable is a form of politeness which all may indulge, and that without taking any lessons in etiquette.

In times gone by the women wore Gowns called Mother Hubbard; To-day the style resembles more That dear old lady's cupboard.

After reading some of the fish stories that have been appearing in the Kentucky papers we have concluded that they must be responsible for the prevailing opinion that fish is a brain food.

It looks like the farmers who pooled their tobacco in the Co-operative Association will have plenty of money for Christmas this year when they receive checks for their share of that fifty-four million pounds of tobacco sold some time ago.

A Paris restaurant man told us the other day that one of his customers, a Nicholas county man, recently came to his place, and after eating a hunk of cheese, crackers, a can of tomatoes, several slices of bread, a can of peaches and three eggs, said he wasn't very hungry. He said what he had eaten was merely a light lunch, considering that a man's stomach is only supposed to hold nine quarts of food at a time.

Some time ago in an adjoining county a young man by the name of Sample after many years of ardent wooing, captured the heart and hand of a handsome young woman by the name of Rose. A wag who attended the wedding, when extending his congratulations, said: "May your pathway through life be scattered with roses and your present happiness be a sample of the future." To which we would add, in a poetizing way: "Single life hath many woes, Married life hath pleasures ample, At the proffered bliss Rachel Rose And straightway took a Sample."

NO FORGETTING POLITICS

Observers generally agree that partisan politics is undergoing a gradual transition in this country and that the average voter is wearing the party ties more loosely than ever before, resulting in the continued growth of the independent movement. There are few, however, that would venture to predict the obligation of party ties in Kentucky, where politics long has been regarded as an institution.

Although conditions are different from the time of the late Col. Robt. G. Ingersoll, the noted agnostic, who once declared that he "would believe in the existence of hell whenever Kentucky went Republican," and never recanted when the State elected a Republican Governor in 1895, Kentucky has gone one way and another until it is recognized as a debatable State. Every third party has found a foothold in Kentucky, and the effect has been to stir up rather than allay partisanship.

With two elections every year, politics in Kentucky is just one thing after another. This is regarded more than anything else as fostering partisan feeling in this State. Before one campaign is over another is on the way, and the people have no chance to forget politics for even a limited time.

NEAR EAST RELIEF

Both the American and Canadian governments have been asked to provide a refuge for five thousand "children without a country," according to an announcement of Chas. V. Vickrey, General Secretary of the Near East Relief.

These youngsters, whose evacuation from Near East Relief orphanages in the Asiatic districts of Constantinople because of the military situation, was announced last week, are now being cared for temporarily in relief orphanages on the European side, which are dangerously overcrowded, according to Mr. Vickrey, who said that relief officials overseas have been unable to secure other quarters.

The Near East Relief also announced that the steamship "Orient" carrying two thousand tons of flour purchased by the Near East Relief from the American Relief Administration several days ago, just after the steamer had passed Gibraltar will discharge this food at Piraeus to feed refugees from the Smyrna region concentrated there and at nearby points, including the island in the Aegean.

The world may be, as the experts say, on the brink of ruin. But we notice it withstands a lot of showing and pushing.

One of the very best ways to lose a friend is to loan him money.

IMPROVED UNIFORM INTERNATIONAL

Sunday School Lesson

(By REV. P. B. FITZWATER, D. D.,
Teacher of English Bible in the Moody
Bible Institute of Chicago.)
Copyright, 1922, Western Newspaper Union.

LESSON FOR OCTOBER 29

MESSIAH'S MINISTRY (WORLD'S TEMPERANCE SUNDAY)

LESSON TEXT—Isa. 61:1-3.

GOLDEN TEXT—Righteousness exalteth a nation; but sin is a reproach to any people.—Prov. 14:34.

REFERENCE MATERIAL—Matt. 7:15-20; Rom. 14:12.

PRIMARY TOPIC—How Four Boys Became Healthy and Happy.—Dan. 1:3-20.

JUNIOR TOPIC—Destroying the World's Enemy.

INTERMEDIATE AND SENIOR TOPIC—The Next Step in the Prohibition Campaign.

YOUNG PEOPLE AND ADULT TOPIC—Progress of Prohibition Throughout the World.

The lesson committee has gratefully named this lesson "World-wide Prohibition." Neither the text nor the context, directly or implied, says anything about prohibition as we understand the use of the word. However, when Messiah shall reign upon the earth the run traffic with all other iniquitous practices will be abolished.

1. Messiah's Commission (v. 1). He was appointed by the Lord. God's plan for the world is a time of peace and blessing.

II. Messiah's Program (vv. 1, 2). Messiah's program is twofold: to "proclaim the acceptable year of the Lord, and the day of vengeance of our God." The careful reading of Luke 4:18-21 will show that Jesus suspended reading of this passage at the comma, in Isaiah 61:2. His first coming opened up the day of "grace and the acceptable year of the Lord," and His second coming will usher in "the day of vengeance of our God." (II Thess. 1:7-10; cf. Mal. 3:1-3).

1. Proclaiming the Acceptable Year of the Lord (vv. 1, 2). In His ministry of grace He preached (1) "good tidings to the meek," "Meek" here means not only a grace, but a condition, that is, those in poverty and affliction. (2) "Bind up the brokenhearted," "Bind up" signifies healing. (3) "Liberty to the captives." The figure of deliverance from the Babylonian captivity is used to describe deliverance from sin and death (Heb. 2:15). (4) "Opening of the prison to them that are bound." Messiah's work was to give deliverance to those who were enslaved by the consequences of their sins. (5) "The acceptable year of the Lord." This means a space of time in which God would accept all who repent of their sins and come to Him.

2. Proclaiming the day of vengeance of God (v. 2). While the day of mercy is lengthened out, the time of judgment will surely come. The day of vengeance will break upon the world when the Lord shall be revealed from heaven (II Thess. 1:7-10). The period of mercy is called "year," while the period of vengeance is called "day," showing that the period of mercy is much longer than the period of wrath.

III. The Blessings of Messiah's Kingdom (vv. 3-9).

1. "Comfort all that mourn" (v. 2). The day of vengeance will bring sorrow to many, but they shall be comforted when they shall see the King on the throne.

2. "Give unto them beauty for ashes" (v. 3). This peculiarly applies to Israel.

3. "Oil of Joy for Mourning" (v. 3). Israel has been mourning for centuries. When the Messiah shall reign as King they shall be glad.

4. "Garment of Praise for the Spirit of Heaviness" (v. 3). Instead of wearing the symbol of the burden of sin they shall be clothed so as to indicate their joyfulness.

5. "Called Trees of Righteousness" (v. 3). These trees represent Israel as planted by God and bearing fruit, not as reeds bowed down with sorrow.

6. "They Shall Build the Old Wastes" (v. 4). Israel shall return to their own land and shall rebuild the city of Jerusalem and the cities of Judah which lie waste.

7. "Strangers Shall Stand and Feed Your Flocks" (v. 5). In the time of the kingdom the Gentiles shall render voluntary service unto Israel so that Israel may devote her whole time to the service of God.

8. "Ye Shall Be Named the Priests of the Lord" (v. 6). God chose Israel to be the priestly nation to represent Him to the Gentiles.

9. "For Your Shame Ye Shall Have Double" (v. 7). Instead of the shame and confusion which Israel has experienced for centuries she shall have double honor and rejoicing.

10. "I Will Direct Their Work, and Make a Covenant With Them" (vv. 8, 9). God will vindicate His people and cause the Gentiles to see the divine favor upon them.

False Prophets. Believe not every spirit but try the spirits if they be of God, because many false prophets are gone out into the world.—John 4:1.

Unjust Things. He that speaketh unjust things cannot be hid, neither shall the chastising judgment pass him by.—Book of Wisdom, 1:3.

In the Sight of All Men. Provide things honest in the sight of all men.—Romans 12:17.

DYE MIND THE TIME

When These Things Happened In Paris, As Told in THE NEWS' Files?

DAYS OF AULD LANG SYNE

There's no denying that to most of us there is a certain satisfaction in reviewing the events of long ago, as they are presented to us, either casually or by force of some reminiscent strain of the moment. And to those who lived here in the long ago the recalling of events in the old days of Paris affords a peculiar satisfaction all its own. They, perhaps, more than we who have grown used to the old place, will appreciate these items, taken at random from a copy of THE BOURBON NEWS of Wednesday, January 19, 1881:

Bowen & Co. yesterday bought of J. S. Boyd, of Cynthiana, the race mare, Lucille Western, by Lexington, in foal to Springbrook.

Mrs. Joe Hanly has been the guest of Mrs. John A. Hanly for several days.

Miss Annie Ralley, of Lexington, is visiting her cousin, Miss Carrie Hanson.

A wedding is soon to take place between an uptown gent and a downtown belle.

Rev. J. S. Sweeney's discourse on Sunday evening was the Religious Doctrine of Conversion.

Billy Hukill was shaking hands with his friends last week. It's a girl and weighs nine pounds.

Theophilus Nix, formerly of this city, but now of Lexington, was presented by his wife with a bouncing girl baby last week.

The Humpty-Dumpty troupe, which played here last Thursday night, made a jump from Hamilton county, Ohio, to this place.

HARKNESS FEES TO BE CLAIMED

Regardless of the outcome of the Harkness tax case now in Court of Appeals, steps will be taken to recover fees in excess of \$5,000 obtained by Hogan Yancy, former attorney, and T. C. Bradley, former Sheriff of Fayette county, Attorney General Chas. I. Dawson said.

In the settlement of the Harkness tax case Mr. Yancy and Mr. Bradley, according to petition filed in Court of Appeals, each receive \$36,000 of Appeals, each received \$36,000, that as the fees of the two officers in all probability would have reached \$5,000 without the \$36,000 Harkness tax fee, that an effort would be made to recover the entire amount from each.

The Court of Appeals had held, according to Attorney General Dawson, that county officers cannot receive more than \$5,000 a year.

OUR FLORIDA LETTER

(By John Lodwick)

St. Petersburg, Fla., Oct. 26.—(Special)—According to the calendar, winter is a trifle over two months away, yet this resort where a goodly number of Paris, Ky., residents were visitors last season, is already entertaining many northern early arrivals who dread any contact with dancing snow flakes, wintry blasts and heatless radiators.

Anticipating an unprecedented rush of winter visitors this season, St. Petersburg stormed through another big building program during the summer, resulting in the erection of three more new hotels, scores of new apartment houses and several hundred new bungalows. Almost the entire front of Central avenue, the show street of the Southland, has undergone a change, but the long and comfortable green benches that grace the wide sidewalks of the famous thoroughfare, set one in back of the other, from the water front westwards for a dozen blocks, remain undisturbed.

St. Petersburg may change its buildings every year, but the green benches where the East gossips with the West and where the North fans with the south, will always stay in Central avenue. The green benches are a St. Petersburg institution.

While the fifth annual mid-winter "barnyard golf" tournament will not be held until late in February, plans for the staging of the National athletic event and the entertainment of the visiting contestants are already under way. The meet this winter will be switched from Williams Park to the Water Front Baseball Park where additional accommodations for several thousand more spectators will be provided.

The Williams Park stadium has been outgrown as has been proven in the last two tournaments, when hundreds were unable to obtain admission into the amphitheatre.

America's best horse shoe pitchers will be entered in next February's tourney, including Frank Ludin, of New London, Ia., the present National champion; Harold Falor, the Akron, O. boy marvel; Ralph Spencer, Oklahoma State champion and all ex-National champions, including Fred M. Brust, of Columbus, O.; C. C. Davis, Kansas City, Mo.; George May, Akron, O.; Charles Bobbit, Lancaster, O., and Frank Jackson, of Kellerton, Ia.

First place winner in this winter's contest will be presented with a solid gold medal and a purse of \$1,000 to cover his traveling expenses.

Not satisfied with having four different sets of booklets published for free distribution to prospective tourists, the Chamber of Commerce Information Bureau has ordered 200,000 new handsomely illustrated folders which are being mailed free to those writing for them.

DOES LAUNDRY WORK AND HOUSEWORK TOO

Surprised to Find Her-self Feeling So Well

Taunton, Mass.—"I used to have pains in my back and legs so badly, with other troubles that women sometimes have, that my doctor ordered me to stay in bed a week in every month. It didn't do me much good, so one day after talking with a friend who took Lydia E. Pinkham's Vegetable Compound for about the same troubles I had, I thought I would try it also. I find that I can work in the laundry all through the time and do my housework, too. Last month I was so surprised at myself to be up and around and feeling so good while before I used to feel completely lifeless. I have told some of the girls who work with me and have such troubles to try Lydia E. Pinkham's Vegetable Compound, and I tell them how it has helped me. You can use my testimonial for the good of others."—Mrs. BLANCHE SILVIA, 59 Grant St., Taunton, Mass.

It's the same story—one friend telling another of the value of Lydia E. Pinkham's Vegetable Compound.

LODGE NOTES

The cool weather is having a tendency to increase attendance at the meeting of local lodges. Bourbon Lodge I. O. O. F. had a large crowd out Monday night to witness the initiatory work which was splendidly exemplified by the degree team. Last night a large crowd was in attendance at the meeting of Rathbone Lodge, K. of P., when the Knight Rank was conferred on several candidates. Meetings of all lodges are being well attended.

REAL ESTATE DEALS

Wm. D. McIntyre, of Millersburg, purchased Monday, 204 acres of the Morris Renick farm, located near Renick Station, in Clark county, for \$131.10 an acre. It was not learned definitely whether Mr. McIntyre purchased the land for himself or for the Millersburg bank, of which he is president.

PRACTICAL JOKE ON A NEWLY-WED

Charles L. Fish, oil operator, of Franklin, Ky., will remember a sequel to his wedding as the most realistic practical joke he believes could have been conceived, but it may be some time before he can think of it with pleasure. Immediately after the nuptials he learned that his father-in-law had been "arrested" on the charge that a pint of liquor had been found in the wedding car. He hastened to the side of his new parent, only to be placed under a like charge and hustled off to jail until bail could be arranged. Investigation showed that the bottle, a "pint," contained only water, and the groom and his distressed bride, whose maiden name was Miss Vivian Templeton, soon were on their honeymoon and "Pa" Templeton chuckling at his own fireside.

Faith is the leaven in the loaf of human existence.

STARS IN THIS WEEK'S PROGRAM

Viola Dana, who will be seen at the Alamo and Grand, Friday afternoon and night, in "There Are No Villains," made her first public appearance at the age of five years as a solo dancer. At fifteen she was a Broadway star in "The Poor Little Rich Girl." Her newest picture, "There Are No Villains," is a Bayard Viller production for Metro of Frank R. Adam's story, adopted by Mary O'Hara.

A thrilling desert picture coming Saturday afternoon at the Alamo and the Grand at night. It is the latest William Fox production, "Arabian Love," featuring John Gilbert, who has won extraordinary success in big Fox productions.

"Arabian Love" is said to have in it all the charm of the trackless desert, with the sheiks and the outlaws running wild in their pursuit of wealth in transit over the sands.

Lewis Stone, who plays Langdon Masters in "Don't Neglect Your Wife," the Goldwyn picture coming to the Alamo and the Grand Monday afternoon and evening, is one of the most finished leading men on the screen, and especially suited to play the gentleman of distinction in this latest Gertrude Atherton screen drama. Besides being an actor he is a veteran of the Spanish-American and the World wars, in the latter being a Captain of Infantry.

PARISIAN RETURNS FROM EUROPE

Nicholas Nagle, for the past twenty-five years connected with the mechanical department of the Louisville & Nashville railroad, at this point, has returned from a visit to his old home in Alsace-Lorraine, in France.

Mr. Nagle has been a resident of this city for a period of twenty-seven years. He reports conditions in his native land as being better than he had expected to find them, with the people employed at good wages, with which they seemed very well satisfied.

Mr. Nagle has one brother in France with four sons, and one sister with seven sons, all of whom were enlisted in the army, and all living, only one being wounded. Mr. Nagle left America on June 24, sailing from New York on the steamship "America." He was accompanied by his son, Ferdinand.

While abroad, Mr. Nagle visited Germany passing through the Rhineland, and visiting the great Krupp gun works at Essen. The thing

which most impressed him in Germany, he says, was the purchasing power of the American dollar. A good overcoat may be bought in the Kaiser's land for \$9.50; a hat for \$1.50; good meals for from eight to ten cents; railroad fare is thirty-six cents for 240 miles.

AGED COLORED CITIZEN DEAD

"Aunt Ann" Craig, one of the oldest colored citizens of Paris, died recently at the home of her daughter, in Covington, following an illness of six months from dropsy.

"Aunt Ann" was for years a fixture in many of the most prominent homes in Paris, and was known for her honesty, industry and good character. She had spent practically all her long life in Paris, where she was greatly esteemed by both white and colored. "Aunt Ann" was well-versed in the history of Paris, and her mental faculties remained unimpaired to the time of her death, took great pleasure in recounting events of the long ago, with which she was familiar.

UNIVERSITY EXTENSION COURSES

Special attention is called to the University Extension courses being given now at the Paris High School. Dr. P. K. Holmes will start his lecture at 8:15 every Saturday morning in his course in Hygiene. Prof. E. F. Farquhar will start his lecture at 10:15 every Saturday morning. Dr. Edward Tuthill will start his lecture in American History every Tuesday afternoon at 2:30. It would be very difficult to find three more interesting lecturers than these three gentlemen. The courses all carry University credit and the course in Hygiene is a required course for all graduates of the University.

Parents are urged to watch next week for the Honor Roll and we trust that you will take an interest in helping your children to get a place on this Honor Roll. We expect the second month's honor roll to be considerably larger than the September roll.

BACK FROM THE SERVICE

Everett Mastin, son of William Mastin, of Millersburg, has returned home after receiving an honorable discharge from the United States Navy, following two years of service. Another Millersburg boy, Pugh Bowles, son of Mrs. Thomas Bowles, who has been in the naval service several years, wrote his mother that he would soon be sent to Constantinople, Turkey, with his ship.

DON'T BURN LEAVES

All health authorities advise against the burning of leaves as the smoke fumes cause an irritation of throat and lungs which is believed to cause diphtheria. Anyway, aside from that they should be saved for the garden where they add humus to the soil which is needed in quantities if you desire a fine garden. Rotted, they make a fine dressing for flowers.

IMPORTANT NOTICE

I will be out of my office to-day and to-morrow, Friday and Saturday, attending the State Chiropractic Convention at Lexington.

DR. S. P. MOHNEY.

SPECIAL REGISTRATION DAYS

Voters who were absent from the city on October 3, 1922, between the hours of 6:00 a. m. and 9:00 p. m., or were sick on that day can register at the County Clerk's office in the court house on Monday, October 30, Tuesday, October 31, and Wednesday, November 1.

SOME FINE FRUIT

Postmaster J. Walter Payne and Mrs. Payne are enjoying a box of fine pears, grown on the farm of Mr. Payne's father-in-law, near Warsaw. One of the pears weighed nearly two pounds.

Mrs. Lavina Estill Chenault Cunningham and Mrs. Laura Estill Francis received a box of fine apples grown on the Chenault farm, near Ft. Estill, in Madison county. Mrs. Cunningham presented THE NEWS with one of the apples, which measured ten inches in circumference.

DROUTH CONTINUES

With the exception of a few light rains, which did very little good, in a small area, the drouth which has prevailed since early spring, continues unrelieved. There has been less rainfall in this and adjoining counties this fall than for many years at the same period of the year.

Stock water is getting very scarce and in many instances farmers are driving their stock several miles for water. Despite the lack of moisture the pastures are looking fairly well, and afford livestock good grazing. Crops are suffering from lack of rain.

DIAGNOSING DISEASE BY SUFFERER'S HANDWRITING

Diagnosis of disease through study of the handwriting of the sufferer is a new theory of therapeutics propounded before the American Association of Medico-Physical Research in session in Chicago, by Dr. Albert Abrams, of San Francisco, discoverer of the principle of determining paternity through blood tests. Not only can disease be diagnosed from handwriting, but the sex of the writer can be determined, Dr. Abrams said.

"All life is electronic energy," he exclaimed. "When one writes, the electronic energy is transferred indelibly to the paper and the electronic energy can be diagnosed."

Disease, he said, is nothing more than the displacement of electrons from their normal positions—"electrons gone wrong."

Dr. Abrams challenged a test of his theory and criticised medical authorities who refused to investigate it.

WHAT NEWSPAPERS ARE FOR

(Louisville Herald)

A party, whose name would be "furnished on request," in the course of a symposium in Civic Opinions—not a symposium, if you please—as to the progress of the city, or the lack of it, declares that the newspapers of Louisville don't stand for anything and don't reflect public opinion. Unlike most objectors and nearly all critics, he has a remedy. It is that the people should run the newspapers. They, the newspapers, should be a medium of expression for the average man or woman. The objection that perhaps such a chance does not seem to have occurred to the writer who, alone of the company, keeps his or her name under a veil only to be lifted for the ultracurios.

Now, the first duty of a newspaper is to publish the news, not to offer an opening to those who like to see themselves in print. Another of its duties is to comment on that news, to expound and to expand it on occasions. And this is to be done according to such lights and in harmony with such views as the editor possesses of his own, not of this man in the street or the other. It may happen that these expressions do not reflect the passing mood, the transitory passion or prejudice of the hour. That does not prove the editor to be in error nor even that he is out of touch—very frequently it will be his view, not accepted at first, that will prevail in the end. To talk about "a popular organ" to about their everyday life, is not to talk about a newspaper but about a forum, which is quite another matter altogether.

Perhaps we shall be laughed at for pointing out and insisting that, in Louisville as elsewhere, newspapers are largely what their readers make them. It is a fact nevertheless, and, holding no brief for those published here, we are very certain that broadly considered they do most amply fulfill their mission and are potent for the best interests of the city. We recall but one recent flagrant instance to the contrary and that was when, for campaign purposes, certain journals gave the city a bad name and warned visitors and traders away, a course we have no doubt they came to regret. But one such blunder does not prove a case.

AN ACT OF KINDNESS

A Paris Resident Speaks Publicly For the Benefit of Paris People

If you had suffered tortures from kidney trouble,

Had experimented with different remedies without relief;

If you were finally cured through a friend's suggestion—

Wouldn't you be grateful?

The following statement has been given under just such circumstances:

Mr. Link has used Doan's Kidney Pills.

He publicly tells of the benefit he has received.

His is a simple act of kindness to other Paris sufferers.

No need to experiment with such convincing evidence at hand.

Mr. Link speaks from experience. You can rely on what he tells you.

Robert Link, proprietor grocery store corner High and Eighth, says:

"I have found Doan's Kidney Pills the best kidney medicine I ever used and can't recommend them too highly. My back gave me no end of trouble and there was a steady, dull ache just over my kidneys. My kidneys acted too frequently. I began using Doan's Kidney Pills and in a short time I was completely rid of the trouble."

SIGHTLESS MAN EXPERT IN NORMAL MEN'S WORK

With the "inner eye" of feeling and knowing, more extraordinary achievements than are ordinarily possible with the "outer eye"—or common vision, are performed by William F. Settle, blind, broom-maker and general tradesman of Glasgow. Not only does he earn a comfortable living by making brooms, but he works at the saw for his amusement and has built the frame house in which he lives. Although unable to recognize daylight from the dark, Mr. Settle can recognize the voices of his friends, can tell the object by the sound of its fall to the ground, walks the streets of Glasgow alone and maintains a brisk pace. He tunes pianos and organs, operates the typewriter and except for outward seeing he can do almost everything that any normal person can do.

Much Evidence Supports Theory.

VOTE OPPOSITE TO WILL

Owing to the obtuseness of the electorate no system has yet been devised for ascertaining the real will of every individual voter when it comes to the submission of a proposition to the people. This has developed in every case where any proposition like constitutional amendments and bond issues have appeared on the ballots. These propositions are so presented as to require an affirmative or negative vote as the case may be and it often has happened that the voter has become confused over the text of the proposition and voted opposite to his convictions.

When the State-wide prohibition amendment was submitted in Kentucky, it developed that many of the case-hardened "wets" had voted for prohibition in stamping "Yes" on the ballots and that on the other hand uncompromising "drys" had voted "wet" in stamping their ballots opposite "No."

In some counties where the proposition of allowing stock to run at large has been voted on, it has been claimed that the "Yes and "No" vote as recorded in many precincts in no-wise reflected the real sentiment of the voters.

HOW LONG CAN MAN LIVE WITHOUT SLEEP

The longest period of complete and continuous insomnia authentically recorded terminated on the fifth day with the death of the victim after great suffering.

Such cases are, however, extremely rare and can only be due to peculiar diseases. In the ordinary way even the strongest man could not be kept continuously and completely awake for more than 90 hours without great danger to his actual life, and even in this period of time very remarkable changes would occur.

Some actual experiments have been undertaken by scientific observers, and hallucinations, abnormal increase of weight, extraordinary decrease in strength, and almost complete loss of memory and concentration occurred.

It is to be remembered that the above applied to complete and continuous insomnia, and that even a few minutes' sleep would have refreshed the subject. The ordinary person who says he hasn't slept for three nights is speaking loosely. After a real insomnia for that length of time he wouldn't be able to speak at all.

FOR A DEMOCRATIC HOUSE

Democrats should not be misled by statements, however sincerely made, appearing in print from time to time, and sometimes heard in conversation, that the Democratic party would be in a better position for the 1924 campaign if it did not win the House this year. It has been frequently pointed out, on the other hand, that each time the Democratic party has elected a President of the United States, it carried the House of Representatives in the mid-election preceding, with the sole exception that in 1886 it carried the House and failed to re-elect Mr. Cleveland in 1888, although in that Presidential election Mr. Cleveland received a plurality of the popular vote. So to all intents and purposes the precedent established has held good.

Not only the Democratic party, but entire nation would be benefited by the election of a Democratic Congress this fall. In the first place it will put a stop to excessive appropriations and oppressive taxation. It would act as a check to all the reactionary Republican plans of plundering the Treasury in behalf of other special interests. It would give the Democrats the opportunity to formulate progressive and conservative legislation, for which they would receive full credit in any event, and to hold the administration responsible in the case of a vote. It would act as a restraint upon reckless departments; it would put a stop to secret deals like the Teapot Dome Naval Oil leases and like midnight raids upon the civil service as in the case of the Bureau of Engraving and Printing scandal.

The election of a Democratic House would hearten the Democratic party in every section of the country. It would insure the selection of able men from every section of the country as chairman of the House committees, and in many other ways prepare the way for the election of a Democratic President in 1924.

A FULL DEMOCRATIC VOTE INSURES VICTORY

The Democratic National Committee has taken steps to urge State, county and district leaders throughout the United States to devote special efforts to getting out the vote on election day. The indications, it finds, are that there will be a large stay-at-home vote by Republicans who are disgusted with the work of the Congress and dissatisfied with the administration. There can be no better way to assure Democratic victory than to get the Democratic ballots into the ballot box.

This is a work in which the humblest member of the party can render valuable assistance, and the Democratic National Committee asks every Democrat to constitute himself a committee of one for this duty.

TOBACCO WORM TURNS

"It is a long lane that has no turn," seems particularly applicable to the burley tobacco growers of Kentucky, who have completed the negotiations for the disposal of practically the entire 1922 crop to a single buyer at their own price. The single achievement in putting over such a mammoth deal spells the success of the Bingham co-operative marketing plan and is in striking contrast to the deplorable conditions that formerly beset the industry.

Instead of taking what the buyers offered for their tobacco and being glad to get it, the growers now determine the grades of their product and fix the price. The co-operative marketing plan not only has been a boon to the grower, but it has sounded the doom of the spectator, independent warehousemen and the "pinhooker" that prospered while the grower groaned under oppression of days not so far back.

Croakers derided any plan that would elevate tobacco growing from practical serfdom, but the co-operative association has furnished indubitable proof that there was a feasible and sensible way to relieve the intolerable conditions and give the burley growers some say in the disposition of what they raised.

Long the under dog, the burley grower now has turned the tables on his former oppressor.

A HAPPY LAZINESS

On such a day as this, when the still air

Foregoes its power, and seems, in listening,

To be of all save silence unaware, As if remembrance were the only thing,

Worth waiting for, and dreams the only good—

Man's soul grows quiet as the withered grass

Hugging some hope, but vaguely understood,

Of lucent joys that shall not wholly pass

With dying things—some stirrings moving deep

Around the roots capture the memory

Of other springs that snared the fruits of sleep

And dared, in spite of death, again to be.

O ecstasy of loafing! all the tides Of peace, sun-dripping, flood the motionless mood

Of sight and hearing, as the earth conceals

The secret of the eternal neighborhood

Of human and divine, of sky and sod—

Lifting man up that he may walk with God!

DRIVING A CAR FOR FUN

Owning a car is one thing and driving it another. All you need to buy a car is the coin. But, you can't drive the 'bus until you get a couple of licenses—one for the machine and one for yourself. Jotting down few specifications and serial numbers, together with a check for a nominal amount registers the auto. You, yourself, don't get off so easy. You have to take a road test and a written examination. Some fine morning you get the engine in A-1 working order and accompanied by a licensed driver you go down to the Bureau of Motor Vehicles. If you're ready you get, let's say, fifth place in line. The inspector jumps upon your running board, collects your temporary permit and says, "Drive ahead." If you know how to handle the car, you follow his orders and even make a good "turn" without hitting either curb. After getting an O. K. on your road work, you proceed to the written exam and answer such questions as: "How much gas is there in gasoline?" When it's all over, you get your license card.

PRESIDENT RUSSELL PRAISES BLUE GRASS LEAGUE

In a statement given out to the press, Thomas M. Russell, of Maysville, president of the Blue Grass League, declares that the first season of the League has been a decided success, and indicated by the tone of his statement that he was well pleased with the showing made during the season by the different clubs.

All of the clubs in the circuit, he stated, showed a healthy financial condition at the season's end, and each city represented in the League has retained its franchise, and will be among those present when the play is resumed on the different lots in 1923.

Lexington, whose team dropped out of the league several days before the season ended, will have a franchise next year and the club's owners are already planning to construct a baseball park in the downtown section of the city.

President Russell has worked untiringly in his endeavor to make the Bluegrass circuit a go, and continued an uphill fight in the face of many obstacles until he has apparently made a success of the venture. The close of the 1922 campaign found almost every team greatly strengthened by the acquisition of new players and the loop showed great improvement in the brand of ball displayed earlier in the season. This in itself speaks well for the success of the 1923 pennant-chase and if the Bluegrass League survives two more playing seasons Central Kentucky fans may expect to witness some fast base ball, providing, of course, the circuit shows the same progress it has in the 1922 season.

ARRANGING JOINT CELEBRATION OF KENTUCKY DAY

"Kentucky Day" to be held November 11, will be celebrated jointly with a luncheon at the Phoenix hotel by alumni of the University of Kentucky and of Transylvania College if the invitation extended Transylvania graduates by the Lexington alumni club is accepted.

Kentucky day is the day set aside by the University for college celebrations by alumni clubs and individual graduates all over the world.

Since the celebration falls this year on Armistice day, the Lexington club has invited the Transylvania alumni to help make the occasion a college and patriotic jubilee.

If the Transylvanians accept, President A. D. Harmop, of Transylvania, and Dr. F. L. McVey, of the University, will be asked to be the chief speakers on the program.

WILL OPPOSE LODGE

Joseph Walker, unsuccessful opponent of Senator Henry Cabot Lodge for the Republican nomination for Senator in the primaries last month, in a statement said he would support John A. Nichols, prohibition progressive candidate for Senator, in the election on November 7. He said that otherwise he would vote for the Republican ticket.

"I have the firm conviction," his statement said, "that the paramount duty of the voters of Massachusetts is to defeat Henry Cabot Lodge. Mr. Lodge is on the wrong side of great national and international questions. He is leading his party to certain defeat. The defeat of Mr. Lodge will not destroy the Republican majority in the Senate, but it will lessen the power of the Old Guard Bloc."

PERPETUAL MOTION

(Danville Advocate)

Some time ago, W. J. Lay, of the Parkville section cut his tobacco and put it on sticks in his barn to remain until fully cured for the market. When he had hung one stick in the top of the barn he noticed that it continued to rock. Two weeks later, some hunters passing by the barn and hearing the peculiar rocking noise began an investigation but were unable to discover the source. They called Mr. Lay and much to his surprise, it was discovered that the tobacco was still rocking with as much force as when it was placed on the top rack in the barn.

SOFT DRINK STAND IS PUBLIC PLACE

Judge Cochran after hearing motions to squash prosecution of several persons charged with the violation of the Volstead law, at Covington, after the officers had entered their places and taken samples of beer and otherwise investigated the premises, held that a soft drink stand is a public place and that the prohibition officers have the same right to enter as any one else. If when in there, said the court, they "smell" or observe the sale of beverages they have the right to take sample without first having obtained a search warrant.

DIGS UP POT OF GOLD

While digging a pit for a sawmill near Mt. Victory, in Pulaski county, it became known, Dave Jones drove his pick into a pot containing the equivalent of \$48,000 in gold of ancient English coinage. The pot is in the custody of the State Banking Commissioner at Frankfort for investigation of ownership. The money is to be kept 12 months, during which time claims may be filed for ownership, but if these are not properly proved Jones gets the money, it is said.

Jones said he estimated the value of the coins at \$18,000, but the Frankfort authorities weighed it to ascertain its value. The pot bore the initials "J. B."

In pioneer Kentucky days this section was the scene of the operations of a band of robbers who killed a number of settlers, records show. It is believed either that some settler buried the money to hide it from them, or it was hidden there by the robbers.

The lad who courts his girl near the front window evidently believes in winning by a shade.

They say there are more orators in this country than ever. No wonder that crime is on the increase.
